

EVWM-M205

Wireless HDMI Extender w/ IR Extend

► Specifications

EVWM-M205		Local Unit EVWM-205L	Remote Unit EVWM-205R
Input		HDMI x 1	N/A
Output		N/A	HDMI x 1
Antenna Standard		IEEE Standard 802.11a/n Omnidirectional internal antennas	
Operating Frequency		4.9G~ 5.9Ghz (with DFS function)	
Compression Type		Uncompressed	
System Latency		< 1ms	
Front Panel LEDs	Power	x 1	x 1
	Video	x 1	x 1
	Link	x 1	x 1
IR Remote Control		IR Transceiver x 1 (external)	IR Receiver x 1 (embedded)
Video Resolution (Max.)		1920 x 1080 @ 60 fps	
Enclosure		ABS	ABS
Weight (g)		140	140
Power Supply (Min.)		AC 100V~240V, DC 5V 2.0A	
Dimensions H x W x D (mm)		145 x 25 x 91	

► Features

- HDTV Compatible
- Transmits uncompressed 1080p/60Hz video contents wirelessly
- Extends the HDMI (w/7.1 audio channels) up to 30 meters distance (2~3 concrete walls penetration)
- Embedded Omnidirectional antennas provides a 360 degree horizontal radiation pattern
- Supports USB KB/MS and joystick
- Supports 802.11 a/n
- Supports HDMI 1.3
- Supports HDCP 2.0
- IR extend available
- LED indicator to show operational status
- Compatible with most HDMI computer, game console, STB, Blu-ray, DVD or DVR

► Connection Pattern
